pandemic, there are conditions attached to this arrangement and we will talk you through this as required.

We use a beautifully cared for Volvo or Daimler hearse as our standard hearse.

If you would like something different, we can provide many different hearses subject to availability.

Set Options

While we are more than happy to provide a bespoke arrangement, we are also sometimes asked for pre-defined funerals. We developed three options in response to customer feedback, with simplicity in mind.

These options are: The Elbury Funeral, The Oxford Funeral and Spire's Direct Cremation Funeral.

Please see our "Set Options" page for more information.

We also understand some people may want to arrange the majority of the funeral themselves and we offer a per hour or per service arrangement where you can hire us to do the things you may not want to or are able to do yourselves. All of our services and cost is agreed with you in advance and in writing. Only when our invoice is paid in full do we undertake the work you would like us to do.

Do give us a call and see how we are able to help.

Please note, all prices are subject to change without prior notice. Our transparency to you is of great importance and we will make you aware of any changes at the time of making arrangements.

Terms & Conditions

The cost of our services are reduced at the outset on the assumption of payment in full upon us receiving our initial instructions. This helps us keep our prices as low as possible.

We prefer payment by bank transfer. Alternative methods we also accept is cash and cheques must clear in our account 10 working days before a funeral service takes place. Payment by debit or credit card is also possible but we do increase our professional services charge to allow for the additional time it takes us to process card payments.

If you have any questions at all about this, or any other aspect of the arrangement, please do get in touch with us.
